

2026 IEEE ICCP 2026 IEEE 22nd International Conference on Intelligent Computer Communication and Processing

October 22-24, 2026, Cluj-Napoca, Romania

<http://www.iccp.ro>

Aims and Scope

The goal of the 2026 IEEE 22nd International Conference on Intelligent Computer Communication and Processing is to bring together researchers, engineers and practitioners working towards improving the power of both communication and processing software using the most advanced intelligent methods available today.

The growing toolkit of AI - computer vision, natural conversation, and machines that learn over time—has the potential to enhance almost the entire economic and social life. The driving forces of this development are the increased volumes of data, the continuously growing of communication, processing, storage capabilities and the new machine learning techniques especially deep learning and reinforcement learning algorithms.

The fast development of artificial intelligence and its applications implies more advanced but also more secure artifacts, which require the intelligent computer communication and processing technologies to improve at a high pace.

Topics

Technical tracks include, but are not limited to:

Intelligent Systems: Agent and Multi-agent based Systems; Knowledge Representation; Reasoning and Engineering; Ontology Modeling and Mediation; Natural Language Processing and Understanding; Web and Knowledge-based Information Systems; Agentic AI

Deep Learning: CNN; GNN, Transformers; Theoretical contributions to Supervised Learning, Semi-supervised Learning, Self-supervised Learning, Unsupervised Learning, Reinforcement Learning; Multimodal models; Neuro-symbolic Processing; Continual Learning; Synthetic Data based Learning; Domain Adaptation; Explainable AI.

Deep Learning Based Computer Vision: Image Processing; Image Enhancement; Feature extraction; Semantic, Instance and Panoptic Segmentation; Optical Flow; Stereovision and 3D Reconstruction; Monocular Depth Estimation; Motion; 2D and 3D Object Detection, 3D Point Cloud Processing, Tracking and Recognition; Multi-sensor and temporal fusion; Environment Representation; Risk Assessment.

Perception Applications: Video-based Question Answering, Driving Assistance Applications; Autonomous Vehicles; Autonomous Drones; Robotic Applications; Biomedical Image Analysis.

Multidisciplinary Topics and Applications: Hardware & AI Technologies, Smart Cities, Cybersecurity and Space, AI based Medicine and Healthcare, AI for the Environment.

Intelligent Distributed Computing and Networking: Cloud Computing, Context Aware; Autonomic Computing; Resource Coordination and Management; Quality of Service; Queuing Network Models; Pervasive Computing; Grid Computing; Fault Tolerance; Cooperative Applications.

Keynote Speakers

Prof. Dr. Mihai Surdeanu, Computer Science professor at the University of Arizona, USA
Presentation: Beyond LLMs: Neuro-Symbolic Approaches for Language Understanding

PD Dr. Victor Pankratius, Robert Bosch GmbH, Germany
Presentation: The AI-Defined Vehicle: Reshaping Mobility's Future

Special Sessions

Automated Driving: organized by Technical University Cluj-Napoca, RO

AI for the Future Energy System: organized by the Technical University of Cluj-Napoca (RO) and the National Technical University of Athens (GR). The event was selected as an official event of the European AI Innovation Month 2026.

Workshops

Trusted Artificial Intelligence: supported by the project "Romanian Hub for Artificial Intelligence -HRIA", Smart Growth, Digitization and Financial Instruments Program, MySMIS no. 351416.

Intelligent and Autonomous Systems: supported by the project "Romanian Hub for Artificial Intelligence -HRIA", Smart Growth, Digitization and Financial Instruments Program, MySMIS no. 351416.

AI for Medical Imaging and Diagnosis: supported by the project "Romanian Hub for Artificial Intelligence -HRIA", Smart Growth, Digitization and Financial Instruments Program, MySMIS no. 351416.

CC-APPS - Workshop on computing continuum: fundamentals, applications and security: organized in cooperation with National University of Science and Technology POLITEHNICA Bucharest.

Industrial Track

The industrial track is an excellent modality for companies working in the conference domains to advertise and promote their innovative products and services, connect with other companies and engage in discussions about research and development initiatives.

Important Dates

Submission of papers: July 15, July 26 2026 (hard deadline)

Industrial track proposals: July 6, 2026

Special sessions and workshops proposals: May 10, 2026

Notification of acceptance: September 8, 2026

Accepted Camera-ready papers due: September 22, 2026

Author registration due: September 22, 2026

Publication

Papers should not exceed 8 pages and should comply with IEEE formatting (8.5"x11", two-column). Accepted papers will be included in the 2026 IEEE ICCP Proceedings and will be submitted for possible inclusion in IEEE Xplore digital library and other indexing organizations such as Scopus and Web of Science.

Steering Committee

Vladimir-Ioan Cretu, Politehnica University of Timisoara, RO
Adina Magda Florea, National University of Science and Technology "Politehnica" Bucharest, RO

Dariu Gavrila, University of Amsterdam, NL

Marie-Pierre Gleizes, Universite Paul Sabatier, FR

Radu Grosu, Vienna University of Technology, AT

Zhencheng Hu, Kumamoto University, JP

Claudia-Lavinia Ignat, LORIA- INRIA (Nancy-Grand Est), FR

Ioan Alfred Letia, Technical University of Cluj-Napoca, RO

Traian Muntean, Aix-Marseille University, FR

Fawzi Nashashibi, RITS – INRIA (Paris-Rocquencourt), FR

Sergiu Nedevschi, Technical University of Cluj-Napoca, RO

David Robertson, Edinburgh University, UK

Nicolae Țăpuș, University Politehnica of Bucharest, RO

Conference Chair

Sergiu Nedevschi, Technical University of Cluj-Napoca, RO

Program Committee Chair

Rodica Potolea, Technical University of Cluj-Napoca, RO

Finance Chair

Tiberiu Marița, Technical University of Cluj-Napoca, RO

Publication Chair

Radu Răzvan Slăvescu, Technical University of Cluj-Napoca, RO

Conference Web Master Chair

Raluca Brehar, Technical University of Cluj-Napoca, RO

Local Organizing Committee

Voichița Băraian, Technical University of Cluj-Napoca, RO

Vlad-Cristian Miclea, Technical University of Cluj-Napoca, RO

Mircea Paul Mureșan, Technical University of Cluj-Napoca, RO

Horațiu Florea, Technical University of Cluj-Napoca, RO

Radu Beche, Technical University of Cluj-Napoca, RO

Mihai Negru, Technical University of Cluj-Napoca, RO
